Experience

Cision (2017 - 2019)

UX MANAGER

Fostered a multi-disciplinary UX team across 8+ product teams for an enterprise web SAAS company. Shaped UX operations, assisted in product strategy, and created bridges across company verticals whenever possible. Provided guidance on design system, personas, research, and KPIs.

SENIOR UX DESIGNER

Cross-team user experience and product design. User research, low/mid/hi-fi prototyping, and usability testing. Collaborating with Product Owners and Developers in a Scrum environment. Implemented a centralized Sketch library from existing components. Re-factored UI components and user research best practices.

Urban Interactive Studio (2015 - 2017)

UX / UI DESIGNER & DEVELOPER

User experience design on PDF document commenting web app, and UI design and front end development for agency's public engagement clients.

ProDPI (2008 - 2015)

OPERATIONS MANAGER

Upper-level management, creative strategy, product research, and web design.

Education

University of California, Santa Cruz (2007)

Bachelor of Arts, Psychology

About Me

Likes

Myers Briggs Types, cycling, video games, TV quotes, and animation.

Dislikes

Not having a doggo, only getting one snack on plane flights, and rush hour.
